THANGAMANI K

BUSINESS ANALYST | DATA ANALYTICS | SQL, PYTHON & BI REPORTING

+91-7094156305 | thangamanikumaran24@gmail.com | linkedin.com/in/thangamani-k-7a38273a3 | Open to Relocation: Bengaluru

PROFESSIONAL SUMMARY

Information Technology undergraduate with hands-on experience in SQL-based data cleaning, dashboard development, and business reporting. Skilled at turning large, unstructured datasets into analysis-ready formats and actionable dashboards using SQL, Python, Excel, Power BI, and Tableau. Built multiple end-to-end analytics projects — from data validation and root-cause analysis to stakeholder-ready reporting — and uses Generative AI tools to speed up reporting and analysis. Strong communicator with cross-functional collaboration experience and a keen interest in analytics, BI, and automation.

TECHNICAL SKILLS

Data Analysis & Programming: SQL (MySQL), Python, Microsoft Excel (Pivot Tables, XLOOKUP, Formulas, Charts)

BI & Visualization: Power BI, Tableau, Interactive Dashboard Development, KPI Tracking

Data Management: Data Cleaning, Validation & Standardization, Data Integrity Checks, Analysis-Ready Dataset Preparation

Business & Reporting: Business Reporting, Report Preparation, Root-Cause / Deep-Dive Analysis, Stakeholder Communication, Cross-Functional Collaboration

AI Tools: ChatGPT, Generative AI, AI-Assisted Reporting & Analysis

PROJECTS

AI-Powered E-commerce Sales Forecasting Dashboard | Python, SQL & Tableau

- Forecasted e-commerce product sales from historical data, performing data cleaning, preprocessing, and analysis with Python and SQL.
- Built an interactive Tableau dashboard visualizing predicted vs. actual sales trends and AI-driven recommendations for inventory planning and marketing optimization.

Global Employee Layoffs Dataset Cleaning & Preparation | MySQL

- Cleaned and standardized layoffs data from 2,000+ companies in MySQL, removing duplicates and resolving missing values to strengthen data integrity.
- Prepared an analysis-ready dataset by validating data quality and standardizing date, text, and numeric fields.

Bike Sales Analysis & Interactive Dashboard | Excel

- Analyzed bike sales data to uncover trends across regions, customer segments, and product categories.
- Built an interactive dashboard with pivot tables, charts, slicers, and formulas to track KPIs and report sales performance to stakeholders.

Airbnb Listing Price Analysis & Interactive Dashboard | Tableau

- Conducted exploratory data analysis to identify key drivers of listing prices, including location and bedroom count.
- Developed a dynamic Tableau dashboard with filters, maps, and trend lines to deliver actionable, data-driven insights.

EXPERIENCE

NSIC, Chennai — AI & Machine Learning Intern

- Completed an intensive 3-week internship on AI and Machine Learning fundamentals using Python.
- Gained hands-on exposure to machine learning workflows, model building, and analytical problem-solving.

National Mental Health Program, GH, Puducherry — Frontend Development Intern

- Completed a 3-week internship on front-end development & developed a Healthcare Learning Disability Detection System.
- Designed and developed responsive user interfaces for a computer sales website.

CERTIFICATIONS

- SQL Certification — Simplilearn (SQL fundamentals, queries, joins, database operations)
- Microsoft Excel — Simplilearn (Excel fundamentals and data manipulation)
- IBM Data Analysis with Python — Cognitive Class
- Tata GenAI Powered Data Analytics Job Simulation — Forage
- Deloitte Data Analytics Job Simulation — Forage (data analysis, visualization, forensic technology)

EDUCATION

Puducherry Technological University — B.Tech, Information Technology | 2022–2026 | CGPA: 7.98/10

Karaikal Ammaiyar Hr. Sec. School — Senior Secondary (HSC): 77% | Secondary (SSLC): 73.6%
